Thai food is internationally famous; whether spicy or mild, harmony is the guiding principle behind each dish. The cuisine of Thailand, since ancient times an Asian crossroads, is a marriage of centuries-old Eastern and Western influences combined into something uniquely Thai. There must be a pleasing combination of tastes and textures within individual dishes as well as the entire meal. The ideal Thai meal is a blend of the spicy, the subtle, the sweet and the sour. It is meant to be equally satisfying to the eyes, nose and palate.

Thank you for selecting Thai X-ing. We hope you have a memorable meal and look forward to seeing you again soon.
